

INFINITY

WINDOW AND DOOR COLLECTION

WELCOME

Infinity is the most stylish, advanced and high-performing timber-alternative window and door range currently available in the UK market.

Faithfully replicating traditional timber with all the benefits of state-of-the-art uPVC, Infinity offers A+ rated energy efficiency, British Standard PAS24*-accredited security, and one of the highest weather ratings achievable – while cutting-edge uPVC manufacturing technology gives it the smoothest corner welds on the market.

What's more, Infinity offers unparalleled choice. Infinity frames are available in 27 colourways, three sash types, and an extensive range of handles, accessories and glazing on the Infinity door range. Whatever the style and character of your home, we can make an Infinity product to suit.

All Infinity products come covered by our comprehensive **10-Year Manufacturing Guarantee** – including locks, handles, profiles, laminates, and all other components used in the finished product.

When it comes to installation, we've got you covered – members of our Infinity Registered Installer Scheme have been rigorously trained, assessed and vetted to give you complete peace of mind, and ensure your project is completed to the very highest standards. All of our registered installers carry the industry-approved MTC Skills Card.

We hope this brochure gives you plenty of inspiration for your next home improvement project – and if you'd like any more information, please don't hesitate to give your Registered Infinity Installer a call.

*PAS24 is optional, please talk to your installer.

INFINITY WINDOW AND DOOR COLLECTION

When it comes to selecting the best products to enhance and protect your home, you want to be sure you're making the right choice. Beautiful, stylish, expertly made, our Infinity Window and Door Collection made up of uPVC Flush, Sculptured and Chamfered Sash windows and doors strike the perfect balance between energy efficiency, security and design.

A RANGE SUPERIOR TO ANY OTHER

Easy to maintain, energy efficient and boasting an innovative smooth corner weld design that lets you make a distinct style statement, the Infinity Window and Door Collection is the revolutionary new choice for all homeowners that wish to install uPVC windows and doors.

The Infinity Window and Door Collection is manufactured using high quality Infinity profiles for the highest level of both energy efficiency and strength. Infinity doesn't just offer great technical features though; even the corner joints look like those on timber windows, creating a smooth joint rather than the ugly corner welds typically featured on uPVC window frames.

F FLUSH SASH
Flush casement windows are characterised by openers that close into the frame and finish flush with the face of the window to replicate timber style windows.

S SCULPTURED SASH
Sculptured Sash windows feature outward opening sashes, which stand proud of the face of the window frame and are the more typical style found in houses today.

C CHAMFERED SASH
Similar to the Sculptured Sash window, the Chamfered features outward opening sashes, which stand proud of the face of the window frame and looks sharp yet subtle.

SUPERB ENERGY RATINGS

Super Efficient
Compared with aluminium or wood, uPVC windows are low maintenance, have better insulation values and are able to reduce energy and heating costs.

Sound-Proof
Glazing options to maximise energy efficiency and/or sound proofing.

Safe and Secure
For total peace of mind, our Infinity Flush Sash windows come with multi-point locking as standard.

SUPERIOR PERFORMANCE

SECURITY

There's no compromise when it comes to security. The bespoke locking keep has a useful night vent locking position, ensuring it meets the enhanced security accreditation, PAS24, is available as an option.

Our wide range of modern, contemporary and period style windows incorporate the latest built-in safety features, including internal glazing beads and multi point locking systems.

To provide enhanced resistance to forced entry our windows can be fitted with a hinge protector device between the frame and the sash opener. Anti-bump, anti-snap key locking cylinders can be installed on all our Infinity doors to further enhance their security.

*PAS24 is optional, please talk to your installer.

PERFORMANCE

To keep out the wind and rain we use our patented high performance, multifunctional weatherseals. The airtight seal this creates helps to maintain your comfort inside your home.

The Flush Sash dual seal is exceptionally watertight, with the added benefit of concealing any hardware. Any water that has found its way inside is quickly evacuated due to the intelligently designed integral drainage gutter.

CONSERVATION

Our Infinity Flush, Sculptured and Chamfered Sash windows look great in any surrounding, from country cottages to modern townhouses. Their subtle charm and elegance will transform your home.

If you live in a Conservation Area, home improvements such as replacing your windows and doors will require planning consent as there are strict guidelines to ensure that architectural features are preserved.

We have designed the Infinity Window and Door Collection with this in mind; replicating the appearance and style of traditional timber windows with features such as our authentic Wood Grain Finish, Monkey Tail Handles and Georgian Bar options. However, you should always obtain consent from a planning/conservation officer before proceeding with an installation.

INFINITY SLIDING & FRENCH DOORS

OUTSTANDING INSULATION

With its unique high performance weatherseal and clever internal design, the Infinity door collection provides superb thermal insulation and sound proofing (with the correct glazing configuration). Designed for compliance with Building Regulations, the Infinity Window and Door Collection offers long lasting benefits.

PROTECTION FROM ROGUE ELEMENTS

It's not just the weathering properties that make the Infinity Window and Door Collection an excellent choice. Its core design is compatible with the latest security specific hardware, making it a truly robust proposition to deter any game intruder. For peace of mind the complete system comes fully accredited to PAS24*, the enhanced security standard.

*PAS24 is optional, please talk to your installer.

SECURITY

Your family is your world and protecting them is an instinctive part of our nature. Protecting our material possessions is also important, so its good to know feeling safe and secure in our homes is as simple as choosing the right doors and windows. Our superior build quality combined with high security hardware gives you that peace of mind. Every effort has been made to ensure your new windows and doors keep both your home secure and any undesirable element out.

ACCESSORIES

A fine selection of beautiful accessories to perfectly complement your choice of door. Whether modern or traditional you will find an accessory to really make your door stand out.

COMPOSITE DOORS

Manufactured using high quality door panels, the durable composite core is popular among homeowners looking for excellent thermal and sound insulation, as well as superior security.

GRP COMPOSITE DOORS

GRP composite doors give you the stunning appearance of timber but are maintenance free.

With Secured-by-Design locks and a tough fibreglass exterior, this is one of the most resilient and weatherproof composite doors on the market! The complete system comes fully accredited to PAS24*, the enhanced security standard.

*PAS24 is optional, please talk to your installer.

COLOUR

Enhance your door with a dash of colour or a luxurious woodgrain finish and create something truly individual. We offer the market's largest range of colours and finishes and can even offer you the option of a different colour inside and out.

How many times have you thought... have I locked my door?

We've all been there! With Kubu you'll never have to worry if your door is unlocked again.

Kubu uses smart and simple technology to monitor your lock in real time. You'll be able to check the status of your door no matter where you are, at any time of the day, right from the Kubu app on your phone.

With Kubu say goodbye to uncertainty and hello to peace-of-mind.

Be sure it's secure

**Peace-of-mind
with a 10 Year
Mechanical
Warranty**

Kubu smart locks are only available with the standard solid spindle lever handles in the standard lock position. Ask your Installer for further details.

How Infinity Registered Installers Work

The Infinity Window Collection is only available through our Registered Installers. Your Registered Installer will arrange a site survey at a mutually convenient time.

Not only does this allow the installer to take precise measurements, but it gives you a chance to make the final choice on colours, ironmongery and other options, ensuring that your windows are made to your exact specification.

Please take the time to ask any questions at this point, and make sure you're happy with the final design before it's sent to the factory for manufacture!

Processing your order

Your Infinity Registered Installer will keep in touch with you and let you know as soon as possible when your installation date will be. Between survey and installation, you can sit back and relax whilst your bespoke windows are made to your exact specifications.

*PAS24 is optional, please talk to your installer.

Taking care of your home

Our Registered Installers are expert craftsmen who will take care of your home and treat it with respect at all times. Removing existing windows and doors and replacing them with stunning new ones will inevitably cause a certain amount of disruption – but our installer will always make sure any mess is kept to a minimum.

All products will be fitted with the utmost skill and care and finished using sealants and trims to achieve the best possible finish. Packaging and waste will be removed and recycled where possible, leaving you to enjoy your stunning new windows, safe in the knowledge they're protected with both a 10 Year Manufacturers Guarantee and a 10 year Fully Insurance Backed Installation Warranty.

Infinity are a member of Secured by Design (SBD) which is the official UK Police flagship initiative supporting the principles of 'designing out crime', which helps protect you and your property for complete peace of mind. Ask your installer about upgrading to Secure by Design.
