

 Apeer

YOU'RE HOME NOW

Close the door and take the day
off your shoulders. Whatever life
throws at you, it's all fine.

YOU'RE
HOME NOW

Sleep soundly
with our Secured
by Design police
approved cylinder

YOU'RE
HOME NOW

Our police-approved, 'secured by design' anti-bump, anti-drill, anti-pick and anti-snap Kitemarked cylinder lock barrels are fitted as standard to every Apeer door. And if that isn't enough to put off even the most determined criminal, our triple glazed, anti-tamper glazing system will.

SECURED by design*

Locking System

Multi-point locking system is fitted as standard to reinforce the concept of safety in your home.

Steel Hinge Bolts

Steel hinge bolts secure the door to the frame on Apeer70 only, protecting against intruders.

 Apeer

* Secured by Design doors must be ordered with laminated glass.

Steel Hinge Bolts

Multi-point locking system

Slam Lock

Coupling Bar

Sidelights are coupled with aluminium bar for greater security, rigidity and stability.

Glazing Units

Apeer70 doors have triple glazed units as standard.

Apeer Traditional Glazing System

Matching timber-effect raised mouldings fitted to the inside of the door and covers our reinforced, fully insulated toughened glazed units.

Yale Locking System

2 rollers, 3 hooks, 2 deadbolts and 1 latch, high security system protects your family from intruders.

Kitemark Cylinder

Anti-bump, anti-drill, anti-pick and anti-snap Kitemarked cylinder lock barrels are fitted as standard.

Hinges

Flag or butt hinges are fitted to Apeer70 doors to allow for adjustment.

In order to ensure the best quality accessories are used on Apeer doors, New World reserves the right to replace any of the above options as required. Hardware comes with manufacturer's warranty. Please note the high level slam lock is not suitable for all users and we recommend you check with your supplier before final order sign off.

Take it easy with
our low maintenance
colour match wood
grain finish

YOU'RE
HOME NOW

Our low-maintenance, highly robust colour finish is designed to stay looking good year after year, both on the outside and on the inside. Choose the perfect colour for the exterior of your home and match it with the perfect colour for the inside.

COLOUR by design

Colour Matching

Our manufacturing process allows us the flexibility to colour match your complete door entrance system, inside and outside. Colour choices are not restricted to white frames, or to a white only finish on the inside.

RAL/BS

For a bespoke colour finish simply bring along a RAL or BS colour reference.

* Metallic Colours are not available. There is an extra charge for Premium and RAL/BS colours.

Every effort has been made to reproduce the colour of our Apeer doors and the coloured film in the decorative glass designs. However, printing constraints will give rise to some colour deviation. For exact colour matching please request a sample from your approved supplier before purchase. Please note the grain on the GRP Apeer door does not replicate the grain on the frame as the frame uses a PVC foil. Glass designs shown in sidelights may vary depending on sidelight width. Coloured film in glass designs is not an exact match to the door colour.

Stay snug with
double protection
from draughts with
our double rebate

Did you know that much like your washing machine or your fridge freezer, your front door can be energy rated too? So, when we created our flagship product the Apeer70, we used the very latest in design and materials to help keep the heat in and the cold out; creating one of the most energy efficient doors available.

A-RATED by design

YOU'RE
HOME NOW

Double Rebate

Apeer70's double rebate system adds additional draught protection by creating an internal secondary rebated seal.

Triple Glazed*

For better insulation every Apeer70 is equipped with toughened triple glazed units and Apeer44 with double glazed units. Glazed units are also available with Low E glass and can be gas filled to offer improved thermal performance.

*Low E glass is only available in clear.

Choose from either one of our two main formats - Apeer70 and Apeer 44*

YOU'RE HOME NOW

Apeer may come in two formats, but the principles behind each remain the same. Whether you choose the 70mm thick, double rebate Apeer70, or the ingenuity of the 44mm thick, single rebate Apeer44, both perform exceptionally well in terms of energy efficiency, security and appearance.

DIFFERENT by design

70mm 44mm

Apeer 70

70mm of high density polyurethane foam, extra insulating double rebate, GRP inner frame, handmade triple glazed decorative units, double steel hinge bolts Kitemark version available, lifelike grain.

Apeer 44

44mm of high density polyurethane foam, handmade double glazed Q Seal warm edge Super Spacer system, matched timber effect raised mouldings, flush fit, lifelike grain. (Apeer44 doors are not available in the contemporary style.)

*Cutout shows Apeer70 on left and Apeer44 on right. The door codes featured in the brochure refer to Apeer70. For Apeer44 single rebate door codes change the code prefix to MO instead of AP, eg APA1 becomes MOA1.

Coloured film in glass designs is not an exact match to the door colour.

NEW Style Apeer 70 Traditional

The APTS36 and APTS37 doors are designed to capture the effervescence of the Dublin street scene in 1800's when chic new Georgian homes were being developed with strict architectural guidelines and residents personalised their homes with bright, colourful front doors. At that time, each building maintained the same uniform look and lacked any originality.

APTS36 and APTS37 are available in any colour combination from the standard and premium colour ranges. More glass designs coming soon!

Door: APTS34
Glass: RG45 Tahoe Green

* Please note there are restrictions on the sidelight options available for RG glass, see page 73 for more details. All APTS doors available with contemporary handles or traditional lever handles.
* Please note RG glass designs are only available as shown and cannot be changed by Apeer.

Every effort has been made to reproduce the colour of our Apeer doors and the coloured film in the decorative glass designs. However, printing constraints will give rise to some colour deviation. All Apeer70 doors are triple glazed as standard. All Apeer44 doors are double glazed as standard. Please note the grain on the GRP Apeer door does not replicate the grain on the frames as it is a PVC foil. Glass designs shown in sidelights may vary depending on sidelight width. Coloured film in glass designs is not an exact match to the door colour.

NEW FOR 2019

NEW FOR 2019

All Modos doors excluding Double doors are available with lever handles or contemporary handles. Double doors are only available with lever handles.

Please note 'Tea staining' on stainless steel components is common and is caused by the oxidation of surface contaminants on stainless steel. It does not affect the structural integrity or the longevity of the material and regular cleaning of the stainless steel trims will reduce the likelihood of tea staining.

AMD2 ST61 glass design in the door (ST61 has clear glass on left side of the black resin line and sandblast on right side); SB27 sandblast with clear border in sidelights.

AMD1 FT60 in door; SB27 sandblast with clear border in sidelight.

AMD9 ST61 in door; SB27 sandblast with clear border in sidelights and toplight.

AMD4 FT66

AMD5 SB32 in door; SB27 sandblast with clear border in sidelights and toplight. SB32 glass design - clear leaves on a sandblasted background.

AMD6 SB35 in door; SB26 full sandblast in sidelights. SB35 glass design - sandblast swirl on a clear background.

AMD5 SR30 in doors; SB26 full sandblast in sidelights. Double MODO doors are only available with standard lever handles.

AMD8 FT72

AMD10 FT66

Steel Glazing Trims

Not only do the steel glazing trims give a contemporary look on both sides of the door, they're also an added security feature.

AMD3 SB40 in door; SB26 full sandblast in sidelights.
SB40 glass design - clear centre square with sandblast surround + clear outer border.

Door Accessories

To complement our Apeer doors, we offer a range of high quality door furniture and door hardware. All door accessories are covered by a four-year surface finish guarantee.

Classic Lever Handles (also available with split handle)

Classic Lever Pad Handles (with split handle)

Contemporary Door Handles (only available in stainless steel)

Escutcheon Plate

Also available in brass

Finger Pull

Also available in brass

Karcher Lever handle

Available on most door styles and can be used internally with a bar handle externally.

In order to ensure the best quality accessories are used on Apeer doors, New World reserves the right to replace any of the above options as required. Hardware comes with manufacturer's warranty. Please note the high level slam lock is not suitable for all users and we recommend you check with your supplier before final order sign off.

Glass Options

With our Murano and Tahoe (RG Codes) glass designs you can co-ordinate the colour of the decorative glass to complement your choice of door colour.

Murano

Tahoe

Backing Glass Options

All of the door designs (except RG glass codes) featured throughout the brochure can be backed with a range of obscure glass to suit all requirements for energy efficiency, safety and privacy. This is our standard range but we can offer more styles upon request. Please note there may be an additional charge for non standard obscure glass patterns. There is no choice of backing glass for any of the RG glass code designs shown.

Stippolyte or equivalent Flemish or equivalent Minster or equivalent

Cotswold or equivalent Contour or equivalent Satin or equivalent

Please note Flemish glass once toughened can have a haze effect in the pattern, this is a normal part of the toughening process and is acceptable

* Please note: The fused tiles in Murano and Tahoe glass designs are not an exact match to the door colour. The process in manufacturing all the fused tiles in our designs may lead to small air bubbles being present in the tile. This is a normal part of the fusing process and is acceptable.

Fused Tile (FT Codes) Colour Options

Please note colour changes must be specified on the order form.

Whilst care is taken to ensure that this brochure is as up-to-date and accurate as possible, no responsibility can be taken by New World for any errors or omissions contained herein. In order to meet customer demand New World reserves the right to change the supplier of patterned glass without prior notice.

Sidelights and Toplights

All decorative glass designs shown in doors with the RG code are available with a choice of sidelight and topline options as shown. Due to the unique construction of the RG glass it is not possible to create matching sidelights or toplights. RG glass includes: Abstract, Bullseye, Classic, Clarity, Diamond Cut, Dorchester, Elegance, Linear, Matrix, Prairie, Reflections, Royale, Simplicity, Symphony and Tahoe.
